History

THE STORY OF
AN EXCEPTIONAL
PROGRESSION

1945

Inaugurated in 1945, just after the end of World War II, Ripplecove first opened its doors as a sought-after retreat for fishing enthusiasts and nature lovers, quickly becoming a favored meeting place for distinguished guests from the Eastern Townships as well as American visitors seeking escape. Nestled on the shores of Lake Massawippi, this peaceful haven offered unique experiences from the very beginning, marked by legendary fishing catches and unforgettable moments of relaxation. Thus, an essential destination was born...

Today, Ripplecove proudly stands on the shores of Lake Massawippi, bearing witness to a rich past and a remarkable transformation, ready to welcome its guests into a setting where history and modernity harmoniously converge.
